

== TEQUILA VARIETIES ==

BLANCO

(White or Silver)

White Spirit, unaged and bottled or stored after distillation or aged less than two months in stainless steel or neutral oak barrels.

REPOSADO

Rested and aged Tequila. Aged in wooden barrels between two and Eleven months. It Takes on a golden hue and the taste becomes a good balance between the Agave and wood flavors.

AÑEJO

Aged for a minimum of one year to classify. Distilled in barrels less than six hundred liters. This darkens the Tequila to an amber color achieving a smother, richer and more complex flavor.
